LIMOGES

TO WHOM IT MAY CONCERN

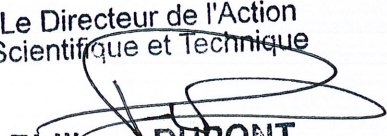

This is to confirm that Office International de l'Eau (IOWater) created and developed the water library web portal (www.documentation.eaufrance.fr) in 2006 and that it is today operated and animated by IOW, in partnership with the French Ministry for Ecology and Sustainable Development and the National Office for Water and Aquatic Environments (Onema).

Paris, december, 3th 2014

Philippe DUPONT

Director of the Research and development
