INTERNATIONAL WORKSHOP

Towards new methods to manage nitrate pollution within the Water Framework Directive

- Pour le site - Actes des conférences internationales / Papers of international conferences - 2009 - Isonitrate Conference -
Date de mise en ligne : mardi 15 septembre 2009

OIEau - IOWater - OIAgua

Nitrate pollution is expected to be one of the main reasons for water bodies not to reach the good status by 2015 and so the workshop aims at :

addressing (on 10 December afternoon) a scientific state of the art dedicated to classical and most innovative approaches of nitrate monitoring ;

presenting and discussing (on 11 December morning) alternative methods to support stakeholders in managing nitrate pollution.

Agenda

Call for Posters

Posters sessions will be organised. Contributions are therefore encouraged in both scientific and policy categories. To submit a poster, please send an abstract (in English only) to conf_isonitrate@oieau.fr by the 13 November 2009. Abstracts will be published in the proceedings.

Registration

The workshop is free. The registration deadline is the 1st December. As the number of participants is limited, we recommend sending your registration form to conf_isonitrate@oieau.fr.

Venue

UNESCO, 7 place de Fontenoy, 75007 Paris

Metro 6 (Cambronne) ; metro 8 (Ecole Militaire) ; metro 10 (Séguir)
