**OIEau - IOWater - OIAgua**

---

Saudi Arabia's regulatory system for the power and water sectors has been revised and updated resulting in a significantly more investor-friendly industry. As Saudi takes power and water development seriously through a number of recently established organisations, it makes it easier for investors to match with state partners.

By attending you will hear about:

The latest Saudi regulation policies directly from H.E. Dr. Abdullah M. Al Shehri, Governor, Electricity & Co-Generation Regulatory Authority (ECRA) Developments and opportunities for Saudi Arabia's power sector outlined by Dr. Saleh Alawji, Deputy Minister for Electricity, Ministry of Water & Electricity (MOWE), Chairman of Board, Saudi Electricity Company (SEC) Energy reduction strategies from Dr. Yousef Alyousef, Executive Director at Saudi Arabia's National Energy Efficiency Program (NEEP) The progress of the Kingdom's power projects market showcased by the President of the National Power Company, Fareed al-Yagout Comprehensive updates on the Kingdom's solar power projects from Ahmed Al-Khowaiter of Saudi Aramco and Ulrich Dill from the Ministry of Industry and Commerce, National Industrial Clusters Development Program, KSA Renewable energy options reviewed by Prof. Saleh Al-Ajlan from KACST
