3rd International Conferences on Water Economics, Statistics, and Finance

- contenu - Agenda des évènements -

Date de mise en ligne : mercredi 24 avril 2013

OIEau - IOWater - OIAgua

The International Conference is aimed at providing specialist interested in economics, statistics, and financing of water and sanitation with the opportunity of getting together and constituting a forum to debate on how utilities are financed, their various water tariff structures, national and regional water industry statistics, water facts, water consumption and charging figures. Also, it will be a great opportunity for the participants to share information and experience on both fundamental and practical issues about current pricing and funding practices to be considered by and economic and responsible behavior of water utilities.
