Water Framework Directive January 2002 - December 2004 BENEFICIARY : Ministry of the Environment,
Czech Republic FUNDING : European Commission
```

Background :

The twinning CZ2001/IB-EN-01 dealt with the implementation of the European Framework Directive 2000/60/EC. It was carried out by a Group of Member States (United Kingdom – group leader -, Austria and France), in which IOWater was mainly responsible for the organization of management plans at the level of a pilot river basin (Orlice Povodi), for public participation and the network for monitoring and following-up aquatic environments.

Services :

The part entrusted to IOWater dealt with :

- • the drafting of a manual for the evaluation of procedures ;
- • training on procedures for preparing a management plan for the pilot Basin ;
- • training on the use of the decision-making support system ;
- • the development of a strategy for long-term data management ;
- • the development of strategies for medium-term and short-term data management ;
- • a strategy for dialogue with partners and the population - with a view to using it in the preparation of a management plan in the pilot Orlice basin ;
- • the practical implementation of this strategy.
- • the economic aspects of the Framework Directive ;

• an illustration : the characterization of the Orlice basin.
