A new leaflet presents the the IOW's activities

- IOWater - Our projects : news and update -

Date de mise en ligne : jeudi 1er mars 2012

Description :

Training, information, management, cooperation : four pillars for the actors of sound water management, and four skills IOWater controls and transmits.

OIEau

7500 m² of technical equipment and educational equipment, 300 training modules available, an ability to broadcast and share information regionally, nationally and across borders, a source of proposals for institutional and legal solutions tailored to the most diverse institutional contexts on all continents, an adviser for national and regional stakeholders in improving the governance of their services : this is what provides the IOW to help you preserving and making available water resources.
