A 2-year European twinning project was launched in December 2011 in order to build the capacity of the Kosovo Ministry of Environment and Spatial Planning (MESP), which is the competent authority for waste, water management, nature protection and planning. Regarding the water component, experts from the French Ministry of Ecology, Rhine-Maas Water Agency and International Office for Water are being working jointly with their Kosovo counterparts to exchange on experiences and to develop recommendations on WFD implementation and elaboration of River Basin Management Plans, pollution control, and to strengthen the Water Information System in Kosovo.
