OIEau

Rand Water and the International Office for Water (IOWater) signed on 25 July 2013 a "Memorandum of Understanding (MoU)", which strengthens their partnership already started in 2012 and which allows foreseeing many areas for collaboration. In 2013, IOWater trained 15 engineers and Heads of Service on maintenance, health and safety issues. It organized a one-week study tour in France on "Management of changes in Water and Sanitation Services Finally, in 2014, Rand Water and IOWater have planned to carry out 10 intercompany training courses in South Africa, to increase the influence of Rand Water Academy over the South African training market in the water sector.
