2014 Training on "Water - Irrigation and Agriculture"

- IOWater - Our projects : news and update -

Date de mise en ligne : lundi 25 février 2013

OIEau

Since 2013, the NWTC has been proposing a catalogue specifically addressed to professionals in irrigation and agriculture, with 18 training modules, divided into 26 sessions on the topics : <o:p></o:p>

- Design and sizing of irrigation systems, <o:p></o:p>
- Management and operation of irrigation systems, <o:p></o:p>
- Water resources for agriculture, <o:p></o:p>
- Treatment and recovery of agricultural effluents. <o:p></o:p>

Precise management of water resources, reuse of agricultural effluents, control of land application ... are matters that require specialized skills and trained and qualified professionals. <o:p></o:p>
