XVlth World Water Congress

- contenu - Agenda des évènements -

Date de mise en ligne : lundi 29 mai 2017

OIEau

The overall theme for the XVIth World Water Congress is "**Bridging Science and Policy**"

Call for proposals

The XVIth World Water Congress International Scientific Committee (ISC) welcomes papers for oral and posters sessions, as well as special sessions and side events, that aim to incorporate science and policy for the water challenges facing our world.

Congress Subthemes :

- Water, sanitation and health
- Water quality, wastewater and reuse
- Water security in a changing world
- Water policy and governance
- Water ecosystems and physical regimes
- Water and sustainable growth
