The Geneva Water Hub and the University of Geneva's Platform for International Water Law, in collaboration with DiploFoundation, have the pleasure to announce the launch of their new Distance Learning Course on International Water Law and the Law of Transboundary Aquifers that will take place from 19 September to 11 December 2016.

The course is composed of 6 thematic modules and an additional practical module consisting in the resolution of a case study. However, it is possible to register or apply for modules 2, 3, 4 and 5 separately.

Module 1 : Sources and Concepts of International Water Law

Module 2 : The Evolution of International Regulation on Transboundary Water Resources

Module 3 : The Law of Transboundary Aquifers

Module 4 : The Principles of the Law on Transboundary Water Resources I

Module 5 : The Principles of the Law on Transboundary Water Resources II

Module 6 : Water and International Economic Law

Case Study : Analysis and Legal Resolution
